

TYNGO Golf

Swing into Seamless Operations.

An advanced management solution for your golf business.

Benefits

- **EASY-TO-USE SOFTWARE**
with multiple tee sheet views and occupancy maximization.
- **BOOKING ENGINE**
with dynamic pricing, B2B functionality, and tuition reservations.
- **MARKETING FEATURES**
for better guest engagement and member retention.
- **REPORTING AND ANALYTICS**
with advanced evaluation capabilities and flexible reports.
- **REVENUE GROWTH**
with equipment rentals, coaching services, and occupancy optimization.

Highlights

Deep Integration
with PMS and POS systems like OPERA Cloud and Symphony Cloud.

Multiple Tee Sheet Views
for faster management of ongoing reservations and inventory availability.

Rentals Management
Automate your rentals, including shuttles, and reduce complaints.

Online Booking Engine
Give your guests (B2C) and partners (B2B) a chance to book anytime.

Centric Profiles
Expand guest profiles and minimize data redundancy with the API.

All Activities in One Place
Together with TYNGO Leisure, you can manage all guest activities in one system.

TYNGO is a global provider of software development solutions for businesses within the hospitality and leisure industries. Founded in 2011 as a development arm of HRS Hospitality & Retail Systems, it has grown to provide software development services across 92 markets, expanding to a further 24 countries in 2024.
