

TYNGO Staff Order

Move Service Features Directly into the Palm of your Staff's Hand.

An app that brings the order and payment processes of Oracle MICROS Symphony to iOS and Android devices.

Benefits

- EFFICIENT SOLUTION**
Improve table turnover, increase sales, and reduce order errors with one app.
- IMPROVED EXPERIENCE**
Increase satisfaction by making the service faster and workflows more efficient.
- STREAMLINED ORDERING**
Let your waitstaff take orders right at the table.
- POS INTEGRATION**
The app pulls the configuration directly from Oracle MICROS Symphony.

Highlights

Multi-language Support

Support for 12 languages and item configuration translation.

Bring Your Own Device

Use a compatible iOS or Android device of your choice.

Payment Options

Guests can pay by cash, mobile, credit card, or room booking.

Intuitive User-interface

A familiar UI reduces training time, speeds up orders, and reduces errors.

No Order Gets Lost

Entries are synchronized when the device is back online.

TYNGO is a global provider of software development solutions for businesses within the hospitality and leisure industries. Founded in 2011 as a development arm of HRS Hospitality & Retail Systems, it has grown to provide software development services across 92 markets, expanding to a further 24 countries in 2024.
