Highlights

Add-on for OPERA Cloud
TYNGO GuestReg synchronizes seamlessly and reduces data redundancy.

Hardware Flexibility
Load this add-on to your existing tablet. Additional hardware is optional.

Automate Processes
Guest data is automatically updated and meets country requirements.

Eco-friendly Solution
Minimal paper use reduces waste and your carbon footprint.

Compliance
Guest data is automatically and securely stored in OPERA Cloud.

Send to Device
Send the registration card to a separate device.

TYNGO is a global provider of software development solutions for businesses within the hospitality and leisure industries. Founded in 2011 as a development arm of HRS Hospitality & Retail Systems, it has grown to provide software development services across more than 90 markets offering a wide range of solutions, from point-of-sale system add-ons to comprehensive spa software solutions.
